FOR HOME FOR FRIENDLESS.

Donations Acknowledged by Board of Managers.

The Home for the Friendless is greatly indebted to many kind friends for the past two months, as well as for the long years of its existence. Among the events of June was an excursion to Lake Ariel, when the Church of the Good Shepherd, assisted by Mrs. J. L. Atticus Robertson and Mrs. E. H. Ripple, gave twenty-four children a beautiful outing with lunch, etc.

The Hickory Street Presbyterian church gave \$15, the proceeds of a picnic. The Elks offered free admission to their carnival for all the inmates of the Home.

The family now numbers seventy, and every bed is full, and there are no more cribs in the nursery for others who may wish to enter. Anyone having a single iron bed or an iron crib to spare will confer a favor by sending it to the Home. The sad effects of the strike are already being noticed by the numberless applications for aid. The lawn is in splendid condition, and thanks are due to the Lackawanna Fertilizing company, the Hewitt company, Mr. Harvey, Robbins & Spencer, and others who sent fertilizers.

The Home acknowledges with gratitude gifts from the following donors: Sanford C. Benjamin, two dozen silver spoons for children; taken in the D. L. and W. engineers' room; the D. L. and W. engineers also gave 12 yards of lawn; and one dozen silver knives and forks; W. C. T. U. flower mission, of

WHY PHYSICIANS FAIL

To Cure Many Cases of Female Ills. Some Sensible Reasons Why Mrs. Pinkham is More Successful Than Many Family Doctors.

A woman is sick—some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds back something, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and this completely mystifies the doctor.

Is it a wonder, therefore, that the doctor fails to cure the disease? Still we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician. This is the reason why hundreds of thousands of women are now in correspondence with Mrs. Pinkham, at Lynn, Mass. To her they can give every symptom, so that when she is ready to advise them she is in possession of more facts from her correspondence with the patient than the physician can possibly obtain through a personal interview.

Following we publish a letter from a woman showing the result of a correspondence with Mrs. Pinkham. All such letters are considered absolutely confidential by Mrs. Pinkham, and are never published in any way or manner without the consent in writing of the patient; but hundreds of women are so grateful for the health which Mrs. Pinkham and her medicine have been able to restore to them that they not only consent to publishing their letters, but write asking that this be done in order that other women who suffer may be benefited by their experience.

Here is Proof of the Value of Mrs. Pinkham's Advice.

"DEAR MRS. PINKHAM:—I have been taking your medicine for two months and write to you to show some advice concerning it. I feel better, my head and neck were greatly relieved. After reading the testimonies in the book you sent me, I believed that I had a tumor, and a while after when something the size of an egg passed from me, I was convinced of the fact. I now feel like a new creature, can go to my work, and can eat and sleep well, a privilege that I appreciate very much."—MRS. FRANCES I. MCCREA, Sheridan, Mont. (April 27, 1900).

"DEAR MRS. PINKHAM:—I wish to testify that I have been greatly benefited by the use of your medicine. After taking four bottles I felt better, my head and neck were greatly relieved. After reading the testimonies in the book you sent me, I believed that I had a tumor, and a while after when something the size of an egg passed from me, I was convinced of the fact. I now feel like a new creature, can go to my work, and can eat and sleep well, a privilege that I appreciate very much."—MRS. FRANCES I. MCCREA, Sheridan, Mont.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.
